

UCUBE-20

UCUBE-20 DATASHEET

Very Powerful UV LED curing floodlight

Full UV LED range available: UVC, UVB and UVA

Long lifetime & few maintenances thanks to LED technology

Easy-to-use with a PLC thanks to integrated smart electronics.

Electronics	Power supply	48 VDC ± 10% (maximal power consumption: 400W)		
	Connector	SUBD13W3 – 13pins for power and signals		
	Illumination mode	Continuous with a direct DIM signal [0-10V]		
Optics	Wavelength	UVC: 255, 265, 275 nm UVB: 295, 305, 325, 340 nm UVA: 365, 385, 395, 405 nm VIS: 450, 465 nm (Blue), 525 nm (Green), 625 nm (Red), Other on request.		
	Irradiance	Up to 2000 mW/cm² in the UVA range Up to 100 mW/cm² in UVC & UVB range		
Mechanics	Width x Height x Length	224mm x 224mm x 183mm		
	Weight	6,0 kg		
	Material	Device body: Aluminum alloy		
	IP rating	IP4X		
Environment	Operation	Temperature: 10°C to 35°C – Humidity: 20% to 80% humidity (with no condensation) – Altitude: Up to 2000m		
	Regulations & Marking	CE - UKCA - FCC - ICES-3/NMB-3		
	Environmental standards	RoHS III Directives - REACH Regulation - WEEE Regulation		

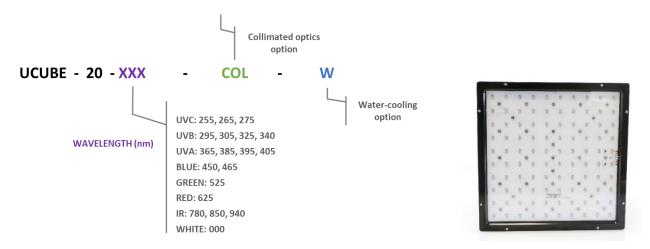

CE ROHS REACH

Optical characteristics

LED spectra

For other wavelengths (UVC / UVB / UVA / VISIBLE / IR), feel free to ask us!

Collimation optics option (-COL)

The UCUBE-10-XXX and the UCUBE-10-HP-XXX have a dispersive UV illumination, but an optional collimation optical system (6° light beam) can be added to strongly increase irradiation uniformity.

Photometry

Irradiation profile

Curve plotted for UVA wavelength. For UVC & UVB irradiance, please divide the irradiance value by a factor of 40. Radiometer: GIGA HERTZ OPTIK RCH-116 (June 2023). For the UV spot graph, the spot size is the exposed area where the irradiance is higher than 50% of the maximum irradiance.

Electronical considerations

Wiring layout

The UCUBE requires 48V DC input power. It integrates smart electronical board to achieve stable optical power and exploitable output signals. The UCUBE can be managed with a control unit (UPOWER – please refer to accessories part of this datasheet) or without a control unit through PLC wiring.

Contact arrangement	Pin number	Cable color	Designation		
	A1	Brown	Power supply Input – 48V DC (8,3 A max)		
	A2	Yellow & Green	Protective ground		
	А3	Blue	Power supply Input – 0V DC (GND)		
	1	White	Dimming Input – [0-10V] direct		
	2	Blue	COMMON_OUT – Allows dry contact with pin 3, 6 and 7. 40mA maximum per contact.		
(A3 (A3) (A1) (A1)	3	White	UV LED ON output – dry contact with pin 2 if device is currently emitting UV or opened if UV LED are off.		
Male D-SUB 13W3pins	4	Blue	Enable + (dry contact with pin 5 to allow UV insolation)		
Male D-30B 13W3pms	5	White	Enable – (dry contact with pin 4 to allow UV insolation)		
	6	Blue	TEMPERATURE ERROR output – dry contact with pin 2 if device is overheating or opened if LED temperature is OK.		
	7	White	DRIVER ERROR output – dry contact with pin 2 if there is a driver issue is detected or opened if drivers are OK.		
	8	Blue	Power supply input – 0V DC (GND)		
	9 & 10	-	Not used		

Intensity Control

Other Dimming signals are available upon request: 0-24V indirect, 0-10V direct, 0-10V indirect, 0-5V direct or 0-5V indirect.

UV security

UWAVE products come under the standard DIN EN 62471:2008 which classified sources of optical radiation into risk groups subject to their potential photo biological hazard. Due to the emission of high UV irradiation, our products belong to Risk Group 3 (hazardous even for momentary exposure) therefore special safety measures, detailed in the following, must be observed.

Thanks to its experience and knowledge about UV risks, UWAVE offers to its customer a wide range of UV protections & services:

Eyes protection	UGLASS-02: To protect eye	s from direct rays.	UGLASS-03: To cover all the face.		
Body protection	UGLOVE-01: to prot	ect hands.	UV-SHIELD: To protect all workers around.		
UV measurement	EIT LEDCURE: UV value	es recording.	GIGAHERTZ OPTIK: Direct UV value reading.		
UWAVE expertise	According to European Directive 2006/25/EC.	PERFORMANCES Monitoring of all pyour de	performances of	MAINTENANCE & REPAIR Preventive maintenance on site & LED repair service.
