

**NEW UWAVE WEBSITE ONLINE**

**At the beginning of 2021 and after several weeks of development, UWAVE launches its new website : <https://www.uwave-uv.com/en>.**

**This website brings together all of our UV LED lightings and our services in a brand new interface to provide you with better support.**

**Discover our new products below: the UPEN, the UFLEX, UVC LED lamps for disinfection processes as well as UV LED lamps for fluorescence detection.**

**New Products**

- The UV LED curing spotlight: the [UPEN™](#).  
Wireless spotlight, delivered in a complete kit for manual curing operations.
- The UV LED flexible floodlight: the [UFLEX™](#).  
Easy to integrate thanks to a flexible design. Also available in a kit for manual fluorescence processes.
- Our range of [UVC LED lamps for disinfection](#).  
Portable lighting, powerful spotlight or custom lightings for all types of disinfection applications.
- Our range of [UVC LED lamps for fluorescence](#).  
High-precision spotlight, portable bar or custom lightings for all types of fluorescence applications.
